

Job Description
Database Developer
Cyber Innovation Center

This position is for a **Database Developer** at **Cyber Innovation Center (CIC), Collaborative Environment Division, in Bossier City, LA**. The position will require handling a wide range of tasks. Employee must be able to work on multiple data and analytical projects at the same time. This person must be exceptionally well organized, flexible, and enjoy the challenges of supporting and working with government employees and programs. Responsibilities associated with this position include acquiring data, designing and maintaining effective databases, modifying databases to accommodate new data sources, developing technical manuals, providing configuration management of historical models, and ensuring all database programs meet use and customer requirements.

Required Skills & Attributes:

- Five or more years of database developer experience with a clear understanding of the challenges of large and disparate data sets.
- A Secret clearance, with eligibility for SCI-DCID 6/4 Top Secret Clearance. US Citizenship required.
- Experience with data management using SQL, Oracle, or a similar language.
- Technical expertise regarding data models, database design development, data mining and segmentation techniques.
- Strong knowledge of and experience with software skills, such as development, analysis, and maintenance.
- Ability for design, upgrades, patches, maintenance, backup, and recovery of relational databases.
- Strong analytical skills with the ability to understand business needs, required data relationships, data storage requirements, and data input/output needs.
- Excellent communication and presentation skills.
- Excellent time management skills, including the ability to work on multiple projects in parallel.
- Must be flexible and work with limited supervision.
- Customer focused, adaptable and willing to work varying assignments.

Required Education:

- Bachelor's degree in either Computer Engineering, Computer Science, or other relevant degree.
- Eight years of relevant experience with other education and training may substitute for bachelor's degree requirement.

Work Requirements:

- Hours: 8 a.m. to 5 p.m., Mon-Fri (typical). Due to the nature of the business and depending on specific event schedules, the employee will be required to vary typical work hours.
- Occasional weekend work could be required.
- Occasional travel will be required.

Compensation:

- Salary: Commensurate with ability and experience.
- Excellent employee benefits package.
